

Australian made woodturning tools to croak about...

P&N® woodturning tools have been designed by Australian woodturners specifically for woodturners. They are manufactured in Australia from high quality M2 high speed steel and painstakingly machined into a comprehensive range of gouges, chisels, parting and scraping tools.

The handles are turned from selected Australian hardwood and specially shaped to fit naturally into your hand.

The ferrules are machined from heavy walled, brass tubing.

All P&N® woodturning tools are given a special heat treatment process to maximise their performance in woodturning applications.

The result is a well balanced, durable tool you will be happy to use.

You may buy any of the P&N® woodturning tools individually with or without handles.

Invest in the best!

Make woodturning a pleasure with tools manufactured in Australia by P&N®.

Sharpening Wood-turning Tools

When sharpening woodturning tools use a moderate grinding pressure with a continuous supply of coolant and a free cutting grinding wheel. If coolant is not available, grinding can be done dry or by taking very light cuts. If excessive heat is generated during grinding, the tool should not be cooled in liquid but left to cool slowly in air.

Recommended grinding wheel grade - Aluminium oxide 38A 60LVG.

Spindle Gouges

Product Description	Flute Length mm	Product Code
Handled		
6.0mm	60	7600006
8.0mm	95	7600008
10.0mm	125	7600010
12.0mm	150	7600012
16.0mm	150	7600016
19.0mm	150	7600019

Product Description	Flute Length mm	Product Code
Unhandled		
6.0mm	60	7605006
8.0mm	95	7605008
10.0mm	125	7605010
12.0mm	150	7605012
16.0mm	150	7605016
19.0mm	150	7605019

Heavy duty machined from solid M2 H.S.S. with extra-long, shallow open flute for long tool life. Used in general between centre work.

Bowl Gouges

Product Description	Flute Length mm	Product Code
Handled		
6.0mm	60	7600106
8.0mm	95	7600108
10.0mm	125	7600110
12.0mm	150	7600112
16.0mm	150	7600116

Product Description	Flute Length mm	Product Code
Unhandled		
6.0mm	60	7605106
8.0mm	95	7605108
10.0mm	125	7605110
12.0mm	150	7605112
16.0mm	150	7605116

Heavy duty, machined from M2 H.S.S. Deep "V" shaped flute provides strength and excellent control for vibration free bowl turning.

Supa Gouges

Product Description	Flute Length mm	Product Code
Handled		
16.0mm	185	7600118
22.0mm	185	7600120

Product Description	Flute Length mm	Product Code
Unhandled		
16.0mm	185	7605117
22.0mm	185	7605118

Extra heavy duty, machined from solid M2 H.S.S. with special "U" shaped extra length flute for producing bowls and general spindle work.

Detail Gouges

Product Description	Flute Length mm	Product Code
Handled		
8.0 mm	150	7600809
10.0mm	150	7600818
12.0mm	150	7600827
16.0mm	150	7600836

Product Description	Flute Length mm	Product Code
Unhandled		
8.0 mm	150	7605809
10.0mm	150	7605818
12.0mm	150	7605827
16.0mm	150	7605836

Extra heavy duty, machined from solid M2 H.S.S. Extra length shallow flute, is ideal for producing coves and beads.

Roughing Gouges

Product Description	Flute Length mm	Product Code
Handled		
25.0mm	147	7600125
32.0mm	147	7600135
40.0mm	150	7600140

Product Description	Flute Length mm	Product Code
Unhandled		
25.0mm	147	7605125
32.0mm	147	7605135
40.0mm	150	7605140

Extra heavy duty, machined from M2 H.S.S. Available in 25, 32, and 40mm diameters used for general roughing out of work.

Eye protection must be worn when using cutting tools.

Skew Chisels

Product Description	Flute Length mm	Product Code
Handled		
12 x 6mm	175	7600212
18 x 6mm	170	7600218
24 x 8mm	165	7600224
30 x 8mm	160	7600230

Product Description	Flute Length mm	Product Code
Unhandled		
12 x 6mm	175	7605212
18 x 6mm	170	7605218
24 x 8mm	165	7605224
30 x 8mm	160	7605230

Extra heavy duty, machined from solid M2 H.S.S. with a rounded edge for greater control when used in finishing work, this should also lessen damage to your tool rest.

Parting Off Tools

Product Description	Flute Length mm	Product Code
Handled		
3 x 12mm	175	7600303
6 x 12mm	175	7600306

Product Description	Flute Length mm	Product Code
Unhandled		
3 x 12mm	175	7605303
6 x 12mm	175	7605306

Machined from M2 H.S.S. with parallel sides providing constant blade width when re-sharpened.

Scraper - Square End

Product Description	Flute Length mm	Product Code
Handled		
12 x 8mm	175	7600312
18 x 8mm	170	7600318
24 x 8mm	165	7600324
30 x 8mm	160	7600330

Product Description	Flute Length mm	Product Code
Unhandled		
12 x 8mm	175	7605312
18 x 8mm	170	7605318
24 x 8mm	165	7605324
30 x 8mm	160	7605330

Extra heavy duty (8mm thick) square end scrapers made from M2 H.S.S.

Beading Tool

Product Description	Flute Length mm	Product Code
Handled		
10 x 10mm	172	7600410

Product Description	Flute Length mm	Product Code
Unhandled		
10 x 10mm	172	7605410

Heavy duty, machined from M2 H.S.S. Used for producing beads and as a wide parting tool and other fine work.

Long Hole Drills

Product Description	Overall Length inch	Flute Length inch	Product Code
Handled			
*5/16	25	3	7610001
3/8	25	3 1/2	7610009

Extra Heavy Duty, machined from solid H.S.S. A hand operated drill where long reach is required.

Drive Centre

Product Description	Flute Length mm	Product Code
*3/4 x No.2mts	4	7609609

For use in lathes equipped with no.2 Morse Taper Shank. Manufactured from High Carbon, Chromium steel with M2 H.S.S. centre, for maximum strength & durability. Allows the work piece to be held firmly.

*Not available once current stock depleted.

Eye protection must be worn when using cutting tools.
